Key Rack

Model Number	Dimensions	Construction
KEY-P KY2-P	Various sizes available	3" Round steel tubing

The Keyrac™ is the key to bicycle security. A gently curving strand of steel forms a visually striking parking stand – especially in a modern office or business park setting. The Keyrac offers this unique design in a single-leg style.

The distinctive design of the Keyrac™ assures proper parallel parking. The sweeping 2-3/8" OD Structural Steel Tubing (2" Schedule 40 Pipe) also keeps bikes from falling down. The Keyrac™ is available in galvanized, powder coat, or stainless steel finish. Mounting options include in-ground or surface mounting.
