With faceted raised panels upon its starkly squared form, the Monterey Container is a sleekly angled addition to any contemporary indoor or outdoor design. The durable, lightweight fiberglass form is constructed to an exacting set of standards to be remarkably resilient to the elements and wear and tear. This modern ash/trash container is then custom finished in a choice of automotive-grade paints or trademark metal Fusions, which age gracefully by developing a soft patina true to its natural metal finish. Contact T2 directly for details on recycle and custom applications.

- Available tops: trash, ash, ash/trash, recycle and towel bin.
- UV and scratch resistant, suitable for indoor and outdoor use.
- Engineered to lower maintenance and replacement costs.
