Regent Cluster

Model	Dimensions	Construction
Regent	85 " x 31 "	Steel

Regent Cluster Seating is available with many different configurations. You can have a square top or round top. From 3 to 6 seats. With Back and backless.

All of our outdoor furniture is undercoated with a trademarked process which uses state of the art epoxy-resin water-based paint and zinc phosphate process that produces a high quality coating. Epoxy coatings define the global benchmark in demanding environments where corrosion resistance must be maximized.

Environmental awareness is another reason we e-coat. The process is environmentally friendly because it produces no Hazardous Air Pollutants, ultra low VOCs and is OSHA and EPA compliant.
