Model Number	Construction
SRS-SNG-6-P	3" OD axle locking tube & 2" square steel tubing

New! – Easy-to-install locking Skateboard Rack. This secure rack is made with 3" OD axle locking tube, and 2" square tubing. The features include the ability to lock with any padlock, a fully assembled base unit, tamper-welded construction, ease of installation, and economical add-on capability.

The Skateboard Rack has the capacity to mount either six or 12 boards and is available in a galvanized or powder coat finish. These racks can ship via UPS with our Quick Ship Program (ships within 5 business days – black coated or galvanized only). The Skateboard Rack is ideal for schools, malls, libraries, and skate parks, or anywhere skateboard traffic needs to be managed.
