The CUBICO is a technical masterpiece. Thanks to its clean lines it is more of a sculpture than a planter. Nevertheless, the CUBICO is always subtle, and creates the perfect environment for each plant. The perfect tone is always set, thanks to the exclusive color palette ranging from matt metallic effect finishes to brilliant high-gloss surfaces. With the optional CUBICO-liner it is not necessary to plant the entire column, and it is easy to replace the plants at any time.
