The Freemont has long-term performance with low maintenance. The hygienic surface of has no pores to harbor dirt or bacteria. The dome lid discourages placement of waste on top. The Freemont is made of heavy-gauge steel and offers great structural integrity for long service.

The embossed look of the Freemont container creates an upscale look for your location. The side entry waste opening is convenient for customers and the rubber guard on the base will protect your floor and keeps the unit securely in place. The Freemont includes:

- Stylish dome lid
- Rubber guard on base
- Galvanized 15-gallon liner with handle
- Cylindrical, stylish stainless steel container
